Lela,

Street Maintenance is seeking approval to purchase two (2) Tandem Axle CNG Dump Trucks from the current UTC contract. Attached is the quote from Fyda Freightliner for the two (2) Tandem Axle CNG Dump Trucks. These units will be used for the Snow & Ice Control Operation to Street Sweeping Operation to haul materials and equipment to jobsite for various projects. These units will be a one-for-one purchase and I will provide the BT#'s of the units that will be turned in once we receive the new units.

Let me know if there is anything else you need.
