**Background:** This ordinance authorizes the Director of the Recreation and Parks Department to modify the total amount authorized for an existing contract with Tyevco, Inc. for construction of the Maintenance Headquarters Annex and Warehouse Upgrades Project. The modification amount being authorized by this ordinance is \$50,000.00.

The building attached to the Recreation and Parks Department’s existing warehouse was purchased years ago to allow for a warehouse expansion and to relocate three maintenance zones. Ordinance 2949-2017 authorized a construction contract with Tyevco to complete these improvements. As part of that contract and ordinance, a \$50,000.00 contingency amount was authorized and encumbered. Since that time, due to internal miscommunication related to Recreation and Parks personnel changes as well as design changes within the original scope of work causing significant delays in completing the project, the auditor’s certificate holding these contingency funds was mistakenly canceled before the project finished. The purpose of this ordinance is to modify this contract so that the contingency amount can be restored, allowing the Recreation and Parks Department to make final payment to the contractor and close out the project. The costs were determined by already approved change orders for work that was satisfactorily completed by Tyevco. The contract amount and total due to Tyevco will remain the same as the original contract, however, this modification will increase the aggregate amount of the authorization.

**Principal Parties:**

Contract Compliance Expiration Date: July 27, 2023

**Emergency Justification:** Emergency action is requested as the work on this project was authorized by a change order, the work was satisfactorily completed, and Tyeveco needs to be compensated for work completed.

**Benefits to the Public:** These improvements help the Department improve operations and services to the citizens of Columbus.

**Community Input/Issues:** The community has expressed the desire for well-kept facilities and parks through public workshops, social media, and direct contact with City staff. This project will increase efficiencies that will help achieve these standards.

**Area(s) Affected:** Citywide (99)

**Master Plan Relation:** This project will support the Recreation and Parks Master Plan by helping to ensure that facilities and parks remain safe and user friendly.

**Fiscal Impact:** The expenditure of \$1,070,466.00 was legislated for the Maintenance Headquarters Annex and Warehouse Upgrades Project by Ordinance 2949-2017. This ordinance will provide funding that will modify the previously authorized amount by \$50,000.00. \$50,000.00 is budgeted and available in the Recreation and Parks Voted Bond Fund 7702 to meet the financial obligations of this modification. The aggregate total amount authorized, including this modification, is \$1,120,466.00. The original contract amount of \$1,070,466.00 will remain the total contract value. This ordinance is restoring \$50,000.00 that was cancelled in error and is due to Tyeveco for work completed and so the project can be closed out.
