1. BACKGROUND

The City of Columbus, Department of Public Service, received a request from HCP Columbus Warehouse District I LLC, asking the City to allow a wall, ramp and stair to remain within the public right-of-way along the south side of Neilston Street at 225 Neilston Street. This project is an interior remodel at this location and these encroachments are located within the easement as described below and with the attached exhibit.

The following legislation authorizes the Director of the Department of Public Service to execute those documents necessary for the City to grant these encroachments to legally allow these items to remain within the public rights-of-way. Allowing these elements to remain will meet the Americans with Disabilities Act (ADA) to be able to enter the building and fit into the architectural desire. A value of \$500.00 for the encroachment easements was established.

2. FISCAL IMPACT

The City will receive a total of \$500.00, to be deposited in Fund 7748, Project P537650, for granting the requested encroachment.
