This ordinance authorizes the Director of the Department of Technology (DoT) to enter into a contract with CDW Government (CDWG) for the purchase of the Proofpoint Educational Platform and Closed-Loop Email Analysis and Response (CLEAR). The proposed agreement will provide Proofpoint software subscriptions for a term of one year, commencing on December 23, 2021 and ending on December 22, 2022, at a cost of \$67,500.00.

City email users are constantly targeted by threat actors attempting to steal passwords and sensitive information, commit fraud, destroy city data or encrypt city files to hold as ransom. The Proofpoint Educational Platform provides a wide range of security awareness training to help city employees detect attacks like phishing and social engineering, develop strong cyber hygiene practices, better understand how to protect the city's sensitive information and comply with regulatory requirements. CLEAR provides city email users the ability to report suspicious email for immediate automated analysis and testing. Malicious emails are then automatically pulled from user mailboxes.

On October 8, 2021, the Department of Technology opened RFQ019841. CDWG was the only respondent. Therefore, DoT recommends the contract be awarded to CDWG.

This ordinance also authorizes the expenditure of \$67,500.00 for the above-described purpose.

FISCAL IMPACT:

Funds for this contract are budgeted and available in the Information Services operating fund.
