Council Variance Application: CV21-149

APPLICANT: Franklinton Rising; c/o Jeffrey L. Brown, Attorney; 37 West Broad Street, Suite 460; Columbus, OH 43215

PROPOSED USE: Two three-unit dwellings.

FRANKLINTON AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site consists of two undeveloped parcels which are to be combined in the R-4, Residential District. The requested Council Variance will permit the construction of two three-unit dwellings for a total of six dwelling units on one lot. A Council variance is necessary because while the R-4 district permits a maximum of four units in one building, it does not permit two separate dwellings on the same lot unless they are within a multiple dwelling development. The request includes variances to area district requirements, side and rear yards, landscaping, and to reduce the number of required parking spaces from 9 to 6. The site is within the planning area of the *West Franklinton Plan* (2014), which recommends "Medium-High Density Residential" land uses at this location.

City staff supports the requested variance as the proposal is consistent with the housing types and density in the surrounding area. The proposal also includes building elevations showing a front door and porch addressing the Chicago Avenue frontage consistent with *Columbus Citywide Planning Policies* (C2P2) Design Guidelines (2018).

To grant a Variance from the provisions of Sections 3332.039, R-4 residential district; 3312.21(B), Landscaping and screening; 3312.29, Parking space; 3312.49, Minimum number of parking spaces required; 3332.15, R-4 area district requirements; 3332.25, Maximum side yards required; and 3332.27, Rear yard; of the Columbus City Codes; for the property located at **89-93 CHICAGO AVE. (43222)**, to permit two three-unit dwellings on one lot with reduced development standards in the R-3, Residential District (Council Variance #CV21-049 #CV21-149).

WHEREAS, by application #CV21-049 #CV21-149, the owner of the property at **89-93 CHICAGO AVE. (43222)**, is requesting a Variance to permit two three-unit dwellings on one lot with reduced development standards in the R-4, Residential District; and

WHEREAS, Section 3332.039, R-4 residential district, permits a maximum of four units in one building but does not permit two separate dwellings on one lot, while the applicant proposes two three-unit dwellings, for a total of six dwelling units on one lot; and

WHEREAS, Section 3312.21(B), Landscaping and screening, requires perimeter parking lot landscaping and screening for parking lots within 80 feet of residentially-zoned property, while the applicant proposes to eliminate perimeter screening for the proposed parking lot; and

WHEREAS, Section 3312.29, Parking space, requires 1.5 parking spaces per unit, which totals nine parking spaces for two three-unit dwellings, while the applicant proposes a total of six parking spaces; and

WHEREAS, Section 3332.15, R-4 area district requirements, requires that a dwelling containing three or four dwelling units shall be situated on a lot with an area that equals or exceeds 2,500 square feet per dwelling unit, while the applicant proposes two three-unit dwellings with a lot area of 1,609 square feet per dwelling unit; and

WHEREAS, Section 3332.25(B), Maximum side yards required, requires the sum of the widths of the side yards to equal or exceed 20 percent of the width of the lot, a maximum requirement of 12.4 feet for a 62 foot wide lot, while the applicant proposes a maximum side yard of 10 feet; and

WHEREAS, Section 3332.27, Rear yard, requires a rear yard totaling no less than 25 percent of the total lot area for each dwelling, while the applicant proposes a reduced rear yard of 19.5 percent for the two three-unit dwellings; and

WHEREAS, the Franklinton Area Commission recommends approval; and

WHEREAS, City Departments recommend approval because the requested Council variance will permit residential development that is consistent with the housing types, density and development pattern found in the surrounding area, consistent with the recommendations of the *West Franklinton Plan* and C2P2 Design Guidelines; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificates of Occupancy for the proposed uses; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **89-93 CHICAGO AVE. (43222)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:
