Background: This ordinance authorizes the Director of the Recreation and Parks Department to enter into contract with Implement to provide design services for the Italian Village Park Improvements Project. The contract amount is \$76,160.00, with a contingency of \$13,440.00, for a total of \$89,600.00 being authorized by this ordinance.

Italian Village Park is a small 0.835 acre park surrounded by a tapestry of historic Italianate residences, small businesses, restaurants, and galleries. The Italian Village neighborhood and the multistory mixed-use development help characterize the Short North Arts District. The park was created in the early 1980's through a forward thinking acquisition of undesirable and underutilized lots just a short distance from High Street, resulting in the preservation of a rare sliver of greenspace in a densely built environment. The park has seen several iterations over the years. The last major redevelopment of the park, in 2009, removed shelters, installed additional picnic seating, expanded the lawn, preserved the playground, and installed irrigation for landscaped beds that were to be maintained by the community.

In 2020, The Italian Village Community authorized the use of the Urban Infrastructure Recovery Fund (UIRF) to design and construct improvements to Italian Village Park. A park conditions assessment found that the park has several declining mature shade trees, fragmented spaces with under-realized programmatic purpose, poor circulation, and under-utilized seating and play equipment. The park is also impacted by debris and litter from adjacent alleys. A public survey conducted by the Recreation and Parks Department identified priorities for the design of the Italian Village Park Improvements. These public priorities included the preservation of greenspace in a dense neighborhood, minimizing illegal activity, and enhancing park safety, especially after dark. Maintaining the appearance and upkeep of the park without intense volunteer effort is also desired. These priorities encourage positive social interaction at the park and help align the Italian Village with the arts and culture of the Short North Arts District.

The Italian Village Park Improvements Design Contract includes conceptual design, programming, public engagement, schematic design. It will prepare construction plans and specifications, including any permits required and bidding documents for project construction.

Vendor Bid/Proposal Submissions (ODI designation status):

Proposals were advertised through Vendor Services, in accordance with City Code Section 329, on January 14, 2022 and received by the Recreation and Parks Department on February 8, 2022. Proposals were received from the following companies:

Implement, LLC (MAJ)
MKSK (MAJ)

Of note, professional services contracts are quality based selections and not based on price. Costs were not requested nor where they part of this evaluation.

In accordance with City Code, a selection team evaluated the proposals and recommended Implement be selected to perform the work. The firm was chosen based on their referenced projects, experience, qualifications, availability, timeline, and project approach.

Contract Compliance Expiration Date: October 12, 2022

Emergency Justification: Emergency action is requested so that final construction documents are ready for bidding in January 2023, keeping the project on schedule.

Benefits to the Public: Italian Village Park is the most significant greenspace in the Italian Village Community. Once both the design and construction of the park improvements has occurred, residents and visitors to Italian Village will benefit from the improved park design. The focus on preserving greenspace, providing recreational opportunities, and creating a gathering space will promote a safe and inclusive environment while becoming an anchor location for the Italian Village Community.

Community Input/Issues: The Italian Village Park Improvements Project is an UIRF funded project and has been presented to the Italian Village Society and Italian Village Commission. It has been accepted by the community members as an important improvement to Italian Village Park. A public engagement survey and community meetings informed the goals outlined in the request for proposals. Throughout the design process, the community will have multiple opportunities for input and feedback on the proposed park improvements.

Area(s) Affected: Italian Village (47)

Master Plan Relation: This project will support the Recreation and Parks Master Plan by improving overall maintenance standards, safety and design of this park. It also helps meet the goal of improving at least five neighborhood parks per year.

Fiscal Impact: \$89,600.00 is budgeted and available from within the Recreation and Parks Voted Bond Fund 7702 to meet the financial obligations of this contract.
