Background: This ordinance authorizes the Director of the Recreation and Parks Department to enter into contract with Distinctive Lawn and Landscape, LLC for the Street Trees - Fall 2022 Project. The contract amount is \$228,608.00, with a contingency of \$22,860.00, for a total of \$251,468.00 being authorized by this ordinance.

This project will be installing trees in numerous Columbus Communities to help replace tree species that have been removed throughout the City due to tree mortality. This project will also plant new trees in areas that previously did not have them in all Forestry Planning Areas. The new tree plantings will represent a diverse species of trees selected specifically for each planting location. It takes into consideration the specific site restrictions that each location has in an effort to replace some of our lost Urban Tree Canopy and reduce storm water run-off in the area while not interfering with nearby utilities or structures.

There was no quorum during the July Recreation and Parks Commission Meeting. Per the present Commissioners this ordinance was requested to be sent thru the legislation approval process in order to avoid a delay with this project. There is August recess for Commission and Council.

Vendor Bid/Proposal Submissions (ODI designation status):

Bids were advertised through Vendor Services, in accordance with City Code Section 329, on June 2, 2022 and received by the Recreation and Parks Department on June 28, 2022. This project was also picked up by various local and regional plan rooms and distributed to their membership. Bids were received from the following companies:

Distinctive Lawn and Landscape, LLC (MAJ): \$228,608.00
Greenscapes Landscape (MAJ): \$281,248.00

After reviewing the bids that were submitted, it was determined that Distinctive Lawn and Landscape was the lowest and most responsive bidder.

Contract Compliance Expiration Date: July 26, 2023

Emergency Justification: Emergency action is requested as tree planting has specific periods of time when it is most beneficial to plant them and this will allow these trees to be planted before ideal planting conditions are lost to colder winter temperatures.

Benefits to the Public: These plantings will increase the Urban Tree Canopy which reduces storm water runoff, reduces air pollution, and reduces utility costs to nearby homes and businesses.

Community Input/Issues: The majority of the trees being planted during this contract have been requested by the property owners where the trees are being planted or at locations where trees had been previously removed for various reasons.

Area(s) Affected: Citywide (99)

Master Plan Relation: This project will support the Recreation and Parks Master Plan by adding to the City of Columbus Urban Tree Canopy.

Fiscal Impact: \$251,468.00 is budgeted and available from within the Recreation and Parks Voted Bond Fund 7702 to meet the financial obligations of this contract.
