**BACKGROUND:** This legislation authorizes the Finance and Management Director to modify an existing Universal Term Contract (UTC) for the option to purchase Long Distance Communications Services with AT&T. Many City agencies are users of Long Distance Communications Services.

The contract, PO000503, was established and competitive bidding was waived in accordance with the relevant provisions of Columbus City Code Chapter 329 relating to competitive bidding. The contract was authorized under Ordinance Number 1720-2021 and will expire August 30, 2022. In accordance with the contract, the City and AT&T can modify the contract to add three (3) additional one year terms subject to mutual agreement and approval of proper City Authorities. The new contract expiration date will be August 30, 2025.

**EMERGENCY DESIGNATION:** The Finance and Management Department respectfully requests this legislation be considered an emergency measure to insure there is no interruption of services provided by AT&T.

**FISCAL IMPACT:** No funding is required to modify the option contract. City Agencies utilizing the contract must set aside their own funding for their estimated expenditures.
