1. BACKGROUND

This ordinance authorizes the Director of Public Service to modify a professional services contract with Environmental Design Group to add additional funds for design of the Roadway - Utility Coordination and Utility Services 2020 project.

Ordinance 2863-2020 authorized the Director of Public Service to enter into a professional services contract with Environmental Design Group for the Roadway - Utility Coordination and Utility Services 2020 project in an amount of up to \$350,000.00.

This is a planned modification that is necessary for the continuation of utility coordination and permit services for the City of Columbus. Utility coordination and permit services are a vital part of roadway construction, currently we do not have the staff to keep up with the amount of permits received. The consultant has received training and would be able to continue without additional training so that project reviews are delivered on time. It was deemed to be more cost efficient to modify the existing contract than to bid this part of the work. This ordinance authorizes the Director of Public Service to modify the contract in the amount of \$175,000.00.

The original contract amount: \$350,000.00 (PO256303, Ord. 2863-2020)

The total of Modification No. 1: \$175,000.00 (This Ordinance)

The contract amount including all modifications: \$525,000.00

Searches in the System for Award Management (Federal) and the Findings for Recovery list (State) produced no findings against Environmental Design Group.

2. CONTRACT COMPLIANCE

The contract compliance number for Environmental Design Group is CC003292 and expires August 10, 2023.

3. FISCAL IMPACT

Funding in the amount of \$175,000.00 is available and appropriated within Fund 7704, the Streets and Highways Bond Fund within the Department of Public Service. An amendment to the 2022 Capital Improvements Budget and a transfer of funds is required to establish sufficient budget authority for the project.

4. EMERGENCY DESIGNATION

Emergency action is requested to continue the necessary services as soon as possible, to preserve the safety of the traveling public.

To amend the 2022 Capital Improvement Budget; to authorize the transfer of funds within the Streets and Highways Bond Fund; to authorize the Director of Public Service to enter into a contract modification with Environmental Design Group in connection with the Roadway - Utility Coordination and Utility Services 2020 project; to authorize the expenditure of up to \$175,000.00 from the Streets and Highways Bond Fund to pay for this modification; and to declare an emergency. (\$175,000.00)
