Council Variance Application: CV22-068

APPLICANT: Hope and Heart Property Solutions; c/o Jeffrey L. Brown, Atty.; 37 West Broad Street, Suite 460; Columbus, OH 43215.

PROPOSED USE: Multi-unit residential development.

MIDEAST AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant has received a recommendation of approval from Staff and from the Development Commission for a concurrent rezoning request (Ordinance #0360-2023; Z22-055) to the L-AR-3, Apartment Residential District and PUD-8, Planned Unit Development District to permit single- and multi-unit residential development. The requested Council variance is only applicable to the 1.30± acre L-AR-3 district, which will permit a 37-unit apartment building. Variances for reduced parking lot landscaping and screening, reduced parking and building setbacks, and a parking space reduction from 56 required to 40 provided spaces are included in the request. Staff supports the requested variances as the design features of the proposed development are consistent with the *Columbus Citywide Planning Policies* (C2P2) Design Guidelines (2018), and the inclusion of additional bicycle parking with the L-AR-3 subarea will help mitigate the reduction in required parking.

To grant a Variance from the provisions of Sections 3312.21(D), Landscaping and screening; 3312.27, Parking setback line; 3312.49 Minimum numbers of parking spaces required; and 3333.18, Building lines, of the Columbus City Codes; for the property located at **2937 COURTRIGHT RD. (43232)**, to permit reduced development standards for an apartment building in the L-AR-3, Apartment Residential District (Council Variance #CV22-068).

WHEREAS, by application #CV22-068, the owner of property at **2937 COURTRIGHT RD. (43232)**, is requesting a Council variance to permit reduced development standards for an apartment building in the L-AR-3, Apartment Residential District; and

WHEREAS, Section 3312.21(D), Landscaping and screening, requires that headlight screening be provided along public streets within a landscaped area at least four feet in width, while the applicant proposes a landscaped area of three feet in width along the western property line, and no headlight screening along the southern property line; and

WHEREAS, Section 3312.27, Parking setback line, requires a parking setback line of 25 feet from the Askins Road frontage, while the applicant proposes a reduced parking setback line of seven feet from Askins Road frontage.

WHEREAS, Section 3312.49, Minimum numbers of parking spaces required, requires 1.5 parking spaces per dwelling unit, or 56 spaces for a 37-unit apartment building, while the applicant proposes a total of 40 provided spaces; and

WHEREAS, Section 3333.18, Building lines, requires a building setback line of 40 feet along the Askins Road frontage, while the applicant proposes a reduced minimum building setback line of 25 feet along the Askins Road frontage; and

WHEREAS, the Mideast Area Commission recommends approval; and

WHEREAS, the City Departments recommend approval because the proposed design features of the site and inclusion of additional bicycle parking to mitigate the parking space reduction are consistent with C2P2 Design Guidelines; and

WHEREAS, this ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **2937 COURTRIGHT RD. (43232)**, in using said property as desired; now, therefore:
