This legislation authorizes the Director of the Department of Development to enter into a contract with Jonathan Barnes Architecture and Design in an amount up to \$125,000.00 in support of architectural design services that will be used to aid in the Accessory Dwelling Unit Pilot Program in the City of Columbus.

As Columbus continues to grow, there are real concerns that housing affordability and supply issues will continue to worsen. Accessory dwelling units (ADUs) provide an opportunity to increase the housing supply, provide financial stability for owners, and can be leveraged to increase affordable housing. ADUs have the opportunity to positively impact a number of Columbus residents, including aging residents looking to downsize but stay in their neighborhood; retirees on fixed incomes needing extra income to cover their mortgage; homeowners looking for real estate investments; young professionals without families; and people with disabilities that can have their own living space but still be close to family support. The overall economic impact of ADUs is that they will increase the supply of studio and one-bedroom options in Columbus.

A waiver of competitive bidding is requested due to the immediate need in beginning design work on the Accessory Dwelling Unit Pilot in order to create housing opportunities for residents of Columbus.

**Emergency Designation:** Emergency action is requested to ensure that Jonathan Barnes Architecture and Design can immediately begin providing design services in aid of the Accessory Dwelling Unit Pilot Program.

**Fiscal Impact:** Funds are available within the Development Taxable Bonds Fund and the general fund to support this contract. An amendment to the 2022 Capital Improvement Budget is required to establish sufficient budget authority within the proper project.

To amend the 2022 Capital Improvement Budget; to authorize the City Auditor to transfer funds within the Development Taxable Bond Fund; To authorize the Director of the Department of Development to enter into a contract with Jonathan Barnes Architecture and Design in support of architectural design services that will be used to aid in the Accessory Dwelling Unit Pilot Program for Columbus residents; to authorize an appropriation and expenditure within the Neighborhood Initiatives subfund; to authorize an expenditure from the Development Taxable Bond fund; to waive the competitive bidding provisions of Columbus City Codes; and to declare an emergency (\$125,000.00).

**WHEREAS**, as the city of Columbus continues to grow, there are real concerns that housing affordability and supply issues will continue to worsen; and,

**WHEREAS**, accessory dwelling units (ADUs) provide an opportunity to increase the housing supply, provide financial stability for owners, and can be leveraged to increase affordable housing; and,

**WHEREAS**, it is necessary to authorize the Director of the Department of Development to enter into a contract with Jonathan Barnes Architecture and Design in an amount up to \$125,000.00 in support of architectural design services that will be used to aid in the Accessory Dwelling Unit Pilot Program; and

**WHEREAS**, it has been determined that it is in the best interests of the City to waive the competitive bidding requirement to ensure that Jonathan Barnes Architecture and Design can immediately begin providing design services in aid of the Accessory Dwelling Unit Pilot Program; and

**WHEREAS**, an emergency exists in the usual daily operation of the Department of Development in that it is immediately necessary to authorize the Director to enter into a contract with Jonathan Barnes Architecture and Design so it can immediately begin architectural design services that will be used to aid in the Accessory Dwelling Unit Pilot Program; now, therefore,
