The undersigned do hereby respectfully petition to authorize the creation of The North Broadway Special Improvement District of Columbus, Inc. (the "District"), to approve an Initial Plan for Public Improvements and Public Services (the "Plan") for the years 2015 through 2024, and to approve the levy of special assessments to pay the costs of the Plan, all pursuant to Ohio Revised Code Chapter 1710. The public improvements and public services to be provided under the Plan, the area within which the Plan will be implemented, the boundaries of the District, the method of assessment to be used to pay the costs of the Plan, the period of time the assessments are to be levied, and the period of time the public services to be provided under the Plan shall remain in effect are each described and shown in the attached **EXHIBIT A**. Each of the undersigned is the owner, or the authorized signatory of the owner, of the property or properties set forth below, which together comprise 60% or more of the front footage of all real property located in the proposed District that abuts upon any street, alley, public road, place, boulevard, parkway, park entrance, easement, or other existing public improvement within the proposed District, all subject to Ohio Revised Code Chapter 1710. The total front footage of all real property located in the proposed District is 21,363.06 feet and the undersigned owners represent 15,484.16 front feet of real property located within the proposed District, or 72.48% of the total front footage of all real property located in the proposed District.

The undersigned acknowledge that the approval of this petition will permit:

- (1) the levy of an annual special assessment against all real property within the District benefitted by the Plan of \$4.00 for each front foot of real property abutting East North Broadway Street and West North Broadway Street regardless of the depth of such real property, which assessment shall begin on January 1, 2014 and shall conclude on December 31, 2023; provided, that special assessments will be adjusted to reflect the actual boundaries of the District upon approval of the Petition;
- (2) the exercise of discretion by the Board of Directors of the District on how to allocate funds among the services set forth in the Plan;

- (4) the Board of Directors of the District to have the option of terminating the Plan if the City of Columbus, Ohio does not fund the traffic calming, crosswalk additions, and new and historically-appropriate street lighting within the District.

**EXHIBIT A**

**INITIAL PLAN FOR PUBLIC IMPROVEMENTS AND PUBLIC SERVICES  
NORTH BROADWAY SPECIAL IMPROVEMENT DISTRICT OF COLUMBUS, INC.**

**INITIAL PLAN FOR PUBLIC IMPROVEMENTS AND PUBLIC SERVICES  
NORTH BROADWAY SPECIAL IMPROVEMENT DISTRICT OF COLUMBUS,  
INC.**

**JUNE 14, 2013**

**Background and Summary of Plan**

In response to concerns about traffic, perceptions about traffic impact on quality of neighborhood life and economic development, and a desire to improve the appearance of the District, property owners asked the North Broadway Street Association to circulate a petition to create a special improvement district (a “SID”).

A SID is a self-help tool, governed by Ohio Revised Code Chapter 1710, allowing property owners within a self-defined district to organize and assess themselves the cost of providing area-wide services. If owners representing 60% of the front footage along public streets and alleys within a proposed SID or 75% of the total real property within a proposed SID agree to create a SID and provide public improvements and public services, then all owners within the boundaries of the SID are required to contribute their proportionate share of the cost of the public improvements and public services to be provided.

The North Broadway Special Improvement District of Columbus, Inc. (“District”) proposes this Initial Plan for Public Improvements and Public Services (“Plan”). This Plan will provide for public improvements and public services designed to make the District more conducive to the public health, safety, peace, convenience, and welfare of the District, including public improvements, safety and traffic calming improvements and services, environmental maintenance services, promotions, and member services. The public improvements and public services to be provided pursuant to this Plan shall commence January 1, 2015 and conclude on December 31, 2024. This Plan shall constitute an “initial plan” submitted as part of the petition proposing the creation of the District in accordance with Ohio Revised Code Section 1710.02(F).

This Plan will be implemented according to a budget adopted by the Board within the boundaries of the District described herein and in the Articles of Incorporation approved by City Council of the City of Columbus in connection herewith. This Plan will be funded by (i) an annual assessment of approximately \$45,000.00 to be levied against the property owners within the District with front footage facing East and West North Broadway Street between the railroad on the eastern boundary of the District and the Olentangy River on the western boundary of the District in the manner described in this Plan; (ii) annual contributions expected to be received from the City of Columbus, Ohio; and (iii) voluntary contributions, gifts, and donations from citizens interested in benefiting the East and West North Broadway Street area.

## **Public Improvements and Public Services To Be Provided**

The District shall deliver the following public improvements and public services, as determined from time to time by the District's Board of Directors (the "Board"):

- Assistance as needed in response to requests by members; and
- Engagement of attorneys, court liaisons, and other professional services as needed.

The Board is authorized to implement this Plan and to perform any action authorized by Ohio Revised Code Chapter 1710. This Plan authorizes the Board to (i) create, operate, and govern the District; (ii) hire any employees or professional services required to implement this Plan; (iii) contract for insurance; (iv) purchase or lease office space and office equipment; (v) conduct court proceedings to implement this Plan; (vi) perform any other actions necessary initially to form, operate, or organize the District; and (vii) perform any other actions authorized by Ohio Revised Code Chapter 1710 in connection with the District or this Plan.

## **Area In Which Public Improvements and Public Services Shall Be Provided**

This Plan shall be implemented, and public improvements and public services shall be provided, within the area described below:

The territory within the District shall be generally described as that portion of the City of Columbus, Ohio which is located within the following area:

- a) Beginning at the first parcel of real property with an improved building west of the railroad tracks on East North Broadway Street west of I-71 and moving directly
- b) West on East North Broadway Street to West North Broadway Street; then proceeding
- c) West to the last parcel of real property with an improved building east of the Olentangy River on West North Broadway Street.

A detailed listing of all property included in the District, as identified by its current tax parcel number assigned by the Franklin County Auditor's Office, is attached as Exhibit A to the Amended Articles of Incorporation of the District.

Unless otherwise directed by the District's Board, improvements or services for properties that are exempt from District assessments under Chapter 1710 of the Ohio Revised Code shall be provided only if such properties have requested inclusion in the District or have committed to voluntary payments, in lieu of being included in the District, for each improvement or service to be provided. Properties outside the District may contract with the District to provide improvements or services, provided that the contract price covers no less than the full cost of providing such improvements or services.

## **Budget**

The cost of this Plan will be determined according to a budget adopted by the Board, subject to any increases or decreases that shall be calculated because of: (i) contributions by the City of Columbus to public improvements and public services provided by the District, (ii) changes in District boundaries that have the effect of adding territory to the District and increasing the amount of the assessments collected by the District, and (iii) other factors to be determined at the discretion of the Board. The Board shall have discretion on how to allocate funds among the public improvements and public services to be provided. The Board shall produce an annual report for members of the District,

describing how funds are allocated. The Board shall survey members annually to secure broad input about how to allocate funds.

### **Method of Assessment**

Pursuant to Ohio Revised Code Section 1710.02, the costs of this Plan to be assessed in accordance with this Plan shall be assessed against properties within the boundaries of the District by a combination of the following methods: (i) in proportion to the benefits which may result from the public improvements and public services to be provided by this Plan, and (ii) by the front footage of the real property bounding and abutting upon the area where the public improvements and public services to be provided by this Plan are provided.

It is hereby determined by the property owners consenting to the petition accompanying this Plan that (i) the benefits that may result from the public improvements and public services to be provided by this Plan shall accrue primarily along the frontage of East North Broadway Street and West North Broadway Street within the District, (ii) the benefits that may result from the public improvements and public services to be provided by this Plan shall accrue to each parcel of real property that abuts East North Broadway Street and West North Broadway Street within the District, regardless of the width or depth of each such parcel; and (iii) the benefits that may result from the public improvements and public services to be provided by this Plan shall accrue primarily to property owners who are individuals or for-profit organizations and not federally-recognized 501(c)(3) not-for-profit organizations; therefore, the costs of this Plan shall be assessed against all real property within the District with frontage along East North Broadway Street and West North Broadway Street other than real property that is owned by any federally-recognized 501(c)(3) not-for-profit organization.

The total annual assessment shall be equal to \$4.00 for each front foot of real property abutting East North Broadway Street and West North Broadway Street within the District regardless of the depth of such real property for all real property within the District, which assessment is in proportion to the benefits resulting from this Plan; provided, that:

- (i) no property owned by any federally-recognized 501(c)(3) not-for-profit organization shall be required to pay any assessment under this Plan;
- (ii) each single parcel of real property that abuts East North Broadway Street and West North Broadway Street within the District, regardless of the width or depth of each single parcel, shall be assessed an annual assessment of at least \$100.00;
- (iii) all parcels that are owned or leased as of January 1, 2014 by the same or related business entities and operated as a single business enterprise shall be treated as a single parcel; and
- (iv) condominium properties shall be treated as a single parcel.

If the District boundaries expand beyond the initial boundaries of the District, the total annual assessment shall increase by an amount equal to \$4.00 multiplied by each front foot of real property benefitted by the Plan and added to the District regardless of the

depth of such real property, and the District's budget shall be adjusted accordingly. If the District boundaries contract from the initial boundaries of the District, the total annual assessment shall decrease by an amount equal to \$4.00 multiplied by each front foot of real property benefitted by the Plan and removed from the District regardless of the depth of such real property, and the District's budget shall be adjusted accordingly.

The determination of the special assessments to be levied during each collection year of this Plan shall be made by the Board as of July 1 of the preceding collection year, and shall be certified to the City Council of the City of Columbus for adoption and further certification to the Franklin County Auditor, all in accordance with Ohio Revised Code Chapters 727 and 1710. The tax valuation of each tax parcel shall be based on the values then shown on the records of the Franklin County Auditor. The front footage of each tax parcel shown on the records of the Franklin County Auditor shall be presumed to be accurate, unless and until rebutted by more accurate information.

### **Term of Assessments**

Assessments shall be levied under this Plan to provide funds to pay for a portion of the costs of the public improvements and public services to be provided by the District. Assessments shall be levied against all properties within the District benefitted by the Plan commencing with the tax year beginning on January 1, 2014 and concluding with the tax year ending on December 31, 2023; therefore, assessments will be collected from all properties within the District benefitted by the Plan commencing with the collection year beginning on January 1, 2015 and concluding with the collection year ending on December 31, 2024.

Public services to be provided by this Plan shall be in effect for the entire time during which this Plan is in effect and funded by assessments; therefore, public services shall commence on January 1, 2015 and shall conclude on December 31, 2024. All public improvements and public services provided by this Plan will terminate on December 31, 2024. The Board shall have the option of terminating this Plan prior to December 31, 2024 if the City of Columbus fails to make the contributions necessary to fully implement the public improvements and public services described herein.
