To Whom It May Concern:

Re: Rotary Lift Designated Territories

Rotary Lift Company designates a single sales and service company as our sole distributor for Heavy Duty products in a marketing area. We discovered over many decades that Rotary Lift Heavy Duty products require significant skill set differences from our other trade channels in the areas of financial health, key employees, product knowledge and installation and service capabilities.

We evaluate all available vehicle lift sales and service companies in a marketing area prior to selecting our Rotary Heavy Duty distribution company.

We have chosen CJM Solutions, Columbus, Ohio as our HD installation and service partner for mobile column lifts in central Ohio. CJM has been a Rotary Lift service company for over thirty years and has earned our trust and respect. He and his team have been certified as Heavy Duty Rotary Authorized Installers (RAI's) at training classes at our World Headquarters in Madison, Indiana.

Please call if you have any questions.

Sincerely,

**Ken McWilliams**
