

**J. Michael Asebrook**  
Principal

**J. Michael Asebrook, R.A., AIA, NCARB**, is a dedicated, experienced professional who is committed to quality. He is effective in communicating between the client's needs, goals and desires and the project design team. Mr. Asebrook has a proven record of maintaining the project budget and completing projects on time.

Mr. Asebrook is versed in all aspects of architectural design, production, construction management and facility management. Mr. Asebrook's experience includes all phases of architectural and engineering projects, from preliminary studies and reports, field investigations and facility surveys, design and discipline coordination, plans, specifications, cost estimates, and project schedules, to performing construction management and administration services. Mr. Asebrook is able to help ensure a quality project for a client by carefully enforcing compliance with the contract documents and monitoring quantity and quality of both labor and materials.

Mr. Asebrook's broad knowledge of the building and zoning codes, as well as, the Americans with Disability Act Accessibility Guidelines, the Life Safety Codes, and the Historic Preservation Section 106 Review process, assists him to quickly move projects through the regulatory processes.
