BACKGROUND:

- The 1.16± acre site is developed with vacant commercial buildings zoned C-4, Commercial District and R-4, Residential District. The requested C-3, Commercial District will allow re development of the site with a video and film production and equipment rental facility, in conjunction with CV15-026.
- Across Cleveland Avenue to the north is commercial and industrial development in the M, Manufacturing District. To the east is I-71, and to the south is commercial development in the C-4, Commercial District. To the west are offices, a religious facility, and industrial development in the M, Manufacturing District.
- The site is within the boundaries of the *Milo-Grogan Neighborhood Plan (2007)*, which recommends commercial uses for this location. Staff is generally supportive of the proposed use conditioned on commitment to an elevation drawing with CV15-026 that utilizes murals or architectural features for the façade facing Cleveland Avenue.
- The site is located within the boundaries of the Milo Grogan Area Commission, whose recommendation is for approval.
- The *Columbus Thoroughfare Plan* identifies Cleveland Avenue as a 4-2 arterial requiring 50 feet of right-of-way from centerline.

CITY DEPARTMENTS' RECOMMENDATION: Approval.

The proposed C-3, Commercial District will allow development of a video and film production and equipment rental facility. Staff supports the proposed use and other C-3 uses which are appropriate and consistent with the zoning and development pattern in the area, and with the land use recommendations of the *Milo-Grogan Neighborhood Plan*.

Subject: Central Grip

Robert,

I'm leaving the office for a meetings for the afternoon and evening and won't have a chance to call you. I wanted to check in and let you know that the Planning Division is generally supportive of the variance request for Central Grip. We are asking them to consider ways to make the Cleveland Avenue frontage of their building more interesting. We understand they can't do glass, and are not going to ask them to do that, as it is not really a retail use and apparently the glass won't work for their use. One idea we had was to ask them to commit (in the zoning text) to doing some sort of non-advertising mural on the Cleveland Avenue frontage – something that would be visually interesting but not advertising. I am asking our Building and Zoning Services staff if that would be ok (we are hoping that they could do that without having to pursue a separate variance).

Just thought I'd share that, as I know the Commission will be considering that case tonight.

Thanks,

Mark
