

Becky Walcott, Far South Columbus Area Commission

I am a lifetime resident of South Columbus and Far South Columbus and currently reside in my childhood home in the Far South Community where my husband and I raised our 5 children and now enjoy our 9 grandchildren.

I began my service to the Far South Columbus area first as a Block Watch Coordinator later as a member of the Scioto Civic Association where I served as both Zoning Chair and Vice Chair. Together with the City of Columbus through funding from Safe Walks we were able to add sidewalks to Obetz Rd. and Parsons Ave. I am also the Chair of the Scioto Southland Community Center Volunteer organization called Friends of Scioto Southland Community Center to help with annual events such as Truck or Treat, Winterfest and Egg Hunt. We also help with large functions such as registration week for annual class sign up. I assisted in advocating for a remodel and increase in size of the Community Center to 39K square foot facility we currently enjoy.

As a member of the Area Commission I have served as Vice Chair, Treasurer and Chair and am currently serving my 4th term as a Commissioner. Previous years and currently I have chaired the Zoning Committee, Public Safety and Internal Governance and Election committees.

I have a strong belief that the Far South will continue to grow and prosper and am an advocate for our families and Seniors. I believe our children deserve a safe and healthy environment to grow and develop. I have worked with many city Officials and Leaders for the betterment of our community.
