Eaton Corporation – MAJ |340196300 /06/17/2023 |MAJ

A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.

This will be a General Engineering contract to provide services as needed for the duration of the contract. These services include, but are not limited to, performing System Impact studies on proposed Distributed Energy Resources connections, assist in review applications from customers, assist in drafting rules and regulations surrounding Distributed Energy Resource connections, and representing DOP with customers.

A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.

This contract is expected to go into effect January 2022. This is a one (1) year contract with the option to extend for up to two (2) additional years as deemed necessary and with the approval of the City Council and establishment of additional funding. This contract will expire in January 2023.

An estimate of the full estimated cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.

\$100,000 for one (1) year with the option to for up to two (2) additional as deemed necessary by establishing modification and additional funding

A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.

By establishing a process to review and approve Distributed Energy Resources into our system, this contract would be able to increase our usage of renewable energy such as solar and wind as well as reduce greenhouse gases.

An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.

The amount of \$100,000.00 would be utilized to fund the first year of this contract. The option to extend for two years is available and would require additional funding and modification. The expected cost for this project is as follows:

ORD1759-2021

Year 1:	\$100,000.00
Year 2:	To be determined if needed
Year 3:	<u>To be determined if needed</u>
Total	\$100,000.00

Sub-Consultants identified to work on this contract, their contract compliance no. & expiration date, and their status (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR):

<u>Name</u>	<u>C.C. No./Exp. Date</u>	<u>Status</u>
Environmental Design Group	274062134 / 07/02/2021	MAJ

Scope of work for each subcontractor and their estimate of dollar value to be paid.

Environmental Design Group
\$12,000

From Akron, OH will be sub-contracted by Eaton Corporation on an as-needed basis for civil engineering consultation and design. This work includes, but not limited to, civil engineering, surveying, storm water design, or land development expertise.
