# JEFFREY PONGONIS, RLA, ASLA

Principal, Landscape Architect

Jeff has more than 15 years comprehensive experience in the urban landscape environment, from initial planning phases through design and implementation, and project management. He has been the lead designer on several of the firm's complex urban high profile and award-winning projects. Jeff's work includes project types ranging from campus and mixed-use development master planning and design, to open space and park design. He is committed to the implementation of a meaningful and connected urban environment. His practice is based around a framework of performative and contemporary infrastructure systems of organized urban spaces, connected pedestrian ways, and contributing green corridors all equally responsible in the creation of a successful, human-scaled urban pattern. Jeff will be the ultimate point of responsibility for quality of design and process. Jeff will also manage the day-to-day administration of the project including document production and ensuring that the project stays on budget and on schedule.
