One Visit PM - 900 This service provides one (1) scheduled on-site visit involving a variety of regular and preventive maintenance activities including a Single Point on-site Calibration. Includes UV Lamps, Pump Tubing, Reagents, Resin Bed and travel expenses for GE Analytical Instruments personnel. Coverage applicable to the 900 Laboratory, 900 On-line, 900 Portable, and 5310C analyzers. The Autoreagent calibration/verification option is not available for this product. In the event that repair services are required during the validity period, the associated instrument is also entitled to a 10% discount on labor and/or parts.	CSER 90002-01	4,740.00	(23.0%)	10	36,498.00
Total USD:					36,498.00
