Dear Mark;

PerkinElmer Health Sciences Inc., Inc. submits the following for your information:

PerkinElmer Health Sciences Inc. confirms that LABWORKS LIMS is manufactured by PerkinElmer Health Sciences Inc and we retain the proprietary source code. We do not utilize U.S. distributors or dealers in the servicing of this software. PerkinElmer's Service Engineers perform software installation, support and any subsequent project work for our customers. There are no authorized third-party LABWORKS support consultants in the United States.

PerkinElmer supports LABWORKS LIMS, [waterLIMS™](#), [processLIMS™](#) and [foodLIMS](#). The core code, for each of the products, is identical and the different labels refer to the way modules are bundled most efficiently for pricing in the different markets.

Very truly yours,
