This award will establish a “blanket” type of service agreement to augment existing engineering personnel within the Water Supply Group, Division of Power and Water on an as-authorized, as-needed basis. This ordinance will authorize the expenditure of \$700,000.00 of capital improvements funds for the estimated needs of the Water Supply Group for 2012. The Division anticipates requesting additional appropriations to this contract during the 2013 and 2014 fiscal periods to fulfill its planned needs in these years. Under the terms of this contract, the City has the right to contract for additional services to fulfill emergency capital improvements related needs subject to the approval of a contract modification by City Council.

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

General Engineering Services for the Water Supply Group will be provided under a “blanket” type of service contract. The original contract will be executed as soon as possible in the first quarter of 2012 for the planned engineering services needs for 2012. Modification

#1 is anticipated to be executed in the first quarter of 2013 for the planned engineering services needs for 2013. Modification #2 is anticipated to be executed in the first quarter of 2014 for the planned engineering services needs for 2014.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

This contract will provide general engineering services for various tasks which may involve the water treatment process, the equipment, the facilities and/or the resources managed by the Water Supply Group. The tasks performed will assist the Water Supply Group to provide an adequate and safe supply of drinking water which is essential to economic growth and development.

At this time no community outreach or input is anticipated.

One requirement for the consultant awarded the General Engineering Services contract for the Water Supply Group is that the consultant must be able to provide environmental engineering services, if needed. Also, the consultant selected has indicated a corporate philosophy of environmental conservation and sustainable business practices. In addition, the selected team has committed to incorporate sustainability considerations into their projects and offer consulting services which increase clients' environmental responsibility and sustainable operations.

8. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

1) This Original Contract for 2012	\$ 700,000.00
2) Modification #1 for 2013	\$ 500,000.00
3) Modification #2 for 2014	\$ 500,000.00
Total Estimate of Contract	\$1,700,000.00
