EL-005346

A description of work performed to date as part of the contract and a full description of work to be performed during any future phasing of the contract.

The company will provide security guard services 24 hours a day 7 days a week at the 1250 Fairwood Ave Complex. The contract was established in 2005 for a period of one (1) year. The contract language allowed the contract to be extended for two (2) more years on a year to year basis. The Division of Sewerage and Drainage entered into the first year of the agreement via purchase order EL005346 which expired May 31, 2006. It was the intention of the Department of Public Utilities to hire security personnel in 2006 prior to the expiration of the contract and not to extend the agreement with US Security Associates Inc. However, there has been a delay in the hiring process so it has become necessary for the Division of Sewerage and Drainage to extend the contract with US Security Associates Inc through November 6, 2006 to continue security services at the 1250 Fairwood Complex.

An updated contract timeline to contract completion.

November 6, 2006 will be the last day for the services..

A description of any and all modifications to date including the amounts of each modification and the Contract Number associated with any modification to date. (List each modification separately)

First Modification

A full description of the work to be performed as part of the proposed contract modification. (Indicating the work to be a logical extension of the contract is not sufficient explanation)

The company will provide security guard services 24 hours a day 7 days a week at the 1250 Fairwood Ave Complex. There is no change in the services with this modification.

If the contract modification was not anticipated and explained in the original contract legislation a full explanation as to the reasons the work could not have been anticipated is

required. (Changed or field conditions is not sufficient explanation. Describe in full the changed conditions that require modification of the contract scope and amount.)

The contract was established in 2005 for a period of one (1) year. The contract language allowed the contract to be extended for two (2) more years on a year to year basis. The Division of Sewerage and Drainage entered into the first year of the agreement via purchase order EL005346 which expired May 31, 2006. It was the intention of the Department of Public Utilities to hire security personnel in 2006 prior to the expiration of the contract and not to extend the agreement with US Security Associates Inc. However, there has been a delay in the hiring process so it has become necessary for the Division of Sewerage and Drainage to extend the contract with US Security Associates Inc through November 6, 2006 to continue security services at the 1250 Fairwood Complex.

An explanation of why the work to be performed as part of the contract modification cannot be bid out. (Indicating the work to be a logical extension of the contract is not sufficient explanation)

The contract was established in 2005 for a period of one (1) year. The contract language allowed the contract to be extended for two (2) more years on a year to year basis.
