Jason,

In my below communication I left the s off of F550. The plan is for the F550 trucks to all be CNG.

Daniel Fennell, CAFM

Dan,

Fleet would prefer these three units be CNG.

SMOC	F550 with tall svc body, lt bar, running boards	#24694
SMOC	F550 with tall svc body, lt bar, running boards	#25141
SMOC	F550 dump to replace plow dump	#26434

Subject: 2026 Fleet Approval

Good Morning,

Division of Water Reclamation is requesting Fleet approval of the 2026 buy plan. Attached please find the CWP Director approval for the DWR buy plan. There are several expansions planned due to employee and scope of work growth which have been approved. The pencil lift listed below does not reflect a brass tag to turn in but we do have an existing pencil lift that will be turned in for the new unit.

The F550 and both dump trucks below will be CNG powered units. For the F150 and Mavericks, we will look to use the hybrid option since the Lightning production has been cut.

PLANT	VEHICLE/EQUIPMENT	TURN IN BT
JP	F350 reg cab, lt bar, running boards, svc body, SRW	#21903
