RE: Section 319(h) Nonpoint Source Program  
Project Number 06(h)EPA-27  
Lower Olentangy River Ecosystem Restoration Project  
Franklin County, Olentangy River Watershed, 05060001-120  
SubGrantee: City of Columbus, Department of Public Utilities  
Agreement Termination Notice

Dear Ms. Dean:

Pursuant to *Section 2.2 Termination*, in the Agreement For Sponsored Program between the Friends of the Lower Olentangy Watershed (FLOW) and the City of Columbus Department of Public Utilities in connection with the Lower Olentangy River Ecosystem Restoration Project, dated February 20, 2007, on behalf of the City of Columbus (SPONSOR) I do hereby provide thirty (30) days written notice that the aforementioned Agreement is terminated effective December 18, 2009.

As you know, because of unforeseen delays in the completion of the Feasibility Study which subsequently delayed the Design work, Dam removal, and Stream Restoration, several of FLOW's Appendix A deliverables cannot be initiated nor completed within the stated Term of the project.

Your good work and partnership with this important restoration project is very much appreciated; and we look forward to working with FLOW as we pursue our mutual goal to restore the Lower Olentangy River Ecosystem.

If you have any questions concerning these reports, please contact me.

Sincerely,

Tatyana Arsh, P.E., Director  
Department of Public Utilities

**Agreement Termination Notification**

Dear Mr. Wilt:

Pursuant to *Section 2.2 Termination*, in the Agreement For Sponsored Program between the Ohio State University Research Foundation and the City of Columbus Department of Public Utilities in connection with the Lower Olentangy River Ecosystem Restoration Project, dated February 20, 2007, on behalf of the City of Columbus (SPONSOR) I do hereby provide thirty (30) days written notice that the aforementioned Agreement is terminated effective December 18, 2009.

As you are aware, because of unforeseen delays in the completion of the Feasibility Study which subsequently delayed the design work, dam removal, and stream restoration, several of OSU's Exhibit C and Appendix A deliverables cannot be initiated nor completed within the stated Term of the grant.

Your good work and partnership with this important restoration project is very much appreciated. We look forward to working with OSU in the future, as we pursue our mutual goal to restore the Lower Olentangy River Ecosystem.

If you have any questions concerning these reports, please contact me.

Sincerely,

Tatyana Arsh, P.E., Director
