

Information to be included in all Legislation authorizing entering into a Contract:

- 1. The names, contract compliance no. & expiration date, location by City/State and status of all companies (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR) submitting a competitive bid or submitting an RFP or RFSQ.**

<u>Name</u>	<u>C.C. No./Exp. Date</u>	<u>City/State</u>	<u>Status</u>
EMH&T, Inc.	31-0685594 / 9/22/13	Columbus, OH	MAJ
Ralph & Curl Engineers	31-1067613 / 8/16/14	Columbus, OH	MAJ

- 2. What type of bidding process was used (ITB, RFP, RFSQ, Competitive Bid).**
RFP

- 3. List the ranking and order of all bidders.**

1. EMH&T, Inc.
2. Ralph & Curl Engineers

- 4. Complete address, contact name and phone number for the successful bidder only.**

EMH&T, Inc.
Jason Smallwood, PE, Project Manager
5500 New Albany Road
Columbus, Ohio 43054
(614)-775-4500

- 5. A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.**

The purpose of this project is to design the replacement of the existing 480V overhead street lighting system with a 480V underground ornamental lighting system on Preston Road within City of Columbus limits. This design will include the removal of the existing overhead system, and will define the new circuit feed for the street lights within the project area.

- 6. A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

The duration of the design phase for this project is approximately 6 months. This timeline does not include any engineering services during the construction phase of the project. Part of the Engineer's scope of work is to provide record drawings after the construction of this project. Therefore the contract completion date cannot be determined at this time.

- 7. A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

The goal of this project is to respond to public requests for decorative lighting within the project area. Converting to a decorative underground system will remove the existing overhead wiring, and add to the landscape of the area.

The Neighborhood Liaison(s) will be contacted and informed of this project during the design phase. Further community outreach may result through the Neighborhood Liaison Program.

8. An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.

\$43,124.66

9. Sub-Consultants identified to work on this contract, their contract compliance no. & expiration date, and their status (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR):

<u>Name</u>	<u>C.C. No./Exp. Date</u>	<u>Status</u>
WM Engineering	30-1409153 / 9/23/13	MAJ

10. Scope of work for each subcontractor and their estimate of dollar value to be paid.

WM Engineering will be acting as a reviewer and consultant to. EMH&T in regards to the electrical requirements of the project. WM Engineering has an extensive knowledge base regarding the City of Columbus specifications for the Division of Power and Water.

Note: The Contract should be considered to include any and all work that is anticipated to be awarded to the company awarded the original contract throughout the contract/project timeline. This includes the original contract and any and all future anticipated modifications to the contract to complete the contract/project.
