Tel: 614-227-2050 Fax: 614-227-2100  
Huntington Center  
41 South High Street  
Columbus, Ohio 43215-6194

**Career Highlights**

Mr. Seltzer practices in the area of environmental law, with special emphases on problems relating to hazardous and solid wastes, water issues, and toxic substances. He has performed numerous environmental assessments on behalf of lenders in connection with business and real estate purchases and has assisted many industrial and governmental clients in obtaining the U.S. EPA and Ohio EPA permits that are required to conduct operations which may have an environmental impact. Mr. Seltzer was a member of the team that prepared the first draft of Ohio's Voluntary Action Program, and he served as a member of the SB 221 Multidisciplinary Board Steering Committee, which was created to assist with rule development for the Voluntary Cleanup Program.

Mr. Seltzer has represented various entities that have successfully redeveloped brownfields properties. He is General Counsel to the Ohio Chemistry Technology Council, past Co-chair of the Ohio EPA Public Advisory Group on Solid and Hazardous Waste, and a past Chair of the Environmental Law Committee of the Columbus Bar Association. He is listed in The Best Lawyers in America® for Environmental Law.
