Delivery Statement: 1-3 days ARO for Kits; 1-3 weeks ARO for instrumentation.

INSTRUMENTS US - MAXWELL

Overnight - \$250 per instrument

2 day air - \$200 per instrument

Upon purchase of the Maxwell® RSC Instrument, the instrument will be covered by a one-year **Standard Warranty**. The **Standard Warranty** covers all parts, labor and shipping to and from our depot repair location as well as a loaner instrument upon request. If your Maxwell® RSC Instrument needs repair, we will provide a box for shipment of the instrument back to our service facility. We will repair it and return it performing to original factory specifications. Preventive Maintenance service is available separately.

If you need additional coverage during the one-year Standard Warranty period, a **Premier Warranty Upgrade** is available. The **Maxwell® RSC Instrument Premier Warranty Upgrade** includes all parts, labor and shipping to and from our depot repair location as well as your choice of a loaner instrument within 1 business day or on-site service visit by a factory-trained service technician within 2 business days. Additionally, it includes

one annual Preventive Maintenance event per year, which can be performed by returning the instrument to an authorized service center or by an on-site visit by a service technician. Additional Preventive Maintenance visits are available separately.

Maxwell® RSC 48 Installation Qualification and Operational Qualification

The Maxwell® RSC 48 Installation Qualification and Operational Qualification products offer:
The Maxwell® RSC Instrument Installation Qualification and Operational Qualification products offer:

- Fixed-cost service products for predictable support expenditures
- Factory-trained service specialists ensure consistent and reliable service
- Ongoing system documentation for audit tracing and compliance
- Comprehensive service and support means minimal instrument downtime

Maxwell® RSC 48 Installation Qualification

The Installation Qualification service product includes a series of formal instrument checks, delivers written documentation of instrument functionality and demonstrates that everything ordered with the instrument is supplied and installed at the customer's laboratory. This service product must be delivered by a Promega representative who is certified to perform the Installation Qualification. The service product involves a site visit to perform:

- Installation by qualified Promega personnel
- Inspection of shipping containers, instrument and accessories
- Comparison of items received vs. items on purchase order
- Inspection of laboratory conditions (power, etc.)
- Review all hazards and precautions with users
- Confirmation/installation of correct firmware version
- Testing of instrument run
- Recording and documenting installation and actions

Maxwell® RSC 48 Operational Qualification

The Operational Qualification (OQ) service product demonstrates that the instrument functions according to its operational specifications. This service product must be delivered by a Promega representative who is certified to perform the Operational Qualification. The service product involves a site visit to perform:

- Running operational verification tests
- Documenting all calibration and test results
- Training user to operate the instrument
- Training users to use the log book
- Completing customer-specific log book and OQ documentation
