Re: Rotary Lift Designated Territories

Rotary Lift Company designates a single sales and service company as our sole distributor for Heavy Duty products in a marketing area. We discovered over many decades that Rotary Lift Heavy Duty products require significant skill set differences from our other trade channels in the areas of financial health, key employees, product knowledge and installation.

We evaluate all available vehicle lift sales and service companies in a marketing area prior to selecting our Rotary Heavy Duty distribution company.

We have chosen Anglin Equipment/CJM Solutions LLC, Columbus, Ohio as our HD installation and service partner for central Ohio. Anglin Equipment/CJM has been a Rotary Lift service company for over thirty years and has earned our trust and respect. Their team has been certified as Heavy Duty Rotary Authorized Installers (RAI's) at training classes at our World Headquarters in Madison, Indiana.

Please call if you have any questions.

We evaluate all available lubrication equipment sales and service companies in a marketing area prior to selecting our distribution company.

We have chosen Anglin Equipment dba CJM Solutions LLC as our LFC6000 installation and service partner for Central Ohio. CJM shows the expertise and commitment to our product to earn this designation. Lincoln Industrial evaluates sole distributors on an annual basis to renew such designation.
