Re: Review of Apparent Low Bidder for CIP 650260-104001
Contract SCP 01CF – Southwesterly Composting Facility Pad 2 Concrete Apron

Dear Mr. Gilbert,

The results of the bid opening on October 16, 2013 were as follows:

Cyrus Concrete Construction:	\$196,568.46
Legg & Davis	\$201,190.00
McDaniels's Construction	\$201,234.00
The Righther Co.	\$237,490.00
Engineer's Estimate:	\$181,371.00

Chester Engineers has evaluated the bid documents submitted by Cyrus Concrete Construction, the apparent low bidder. We did not find anything that would lead us to believe that the apparent low bidder is not qualified to perform the work as described in the bid documents.

We contacted three (3) references included in the bid book and the feedback was generally positive. The clients were pleased with the work Cyrus Concrete Construction completed and would be willing to work with them again in the future.

In consideration of the items described above, it appears that Cyrus Concrete Construction has submitted a responsible bid at a reasonable cost. As a result, we recommend that Cyrus Concrete Construction be considered eligible to receive a contract for construction.

Should you have any questions or require additional information, please do not hesitate to contact me.

Best Regards,
