SUBJECT: Sole Source of SLASS®

Pursuant to your inquiry, I submit the following:

The Universal Searchlights, LLC, Slaved Searchlight System, SLASS®, is the only searchlight slaving system in production, and commercially available for use with all variations of the SX-5, SX-16 and LS16 searchlights, and the majority of camera/FLIR gimbals manufactured by FLIR Systems, Wescam, GyroCam, Tamam and Inframetrics. As an after market product, its installation does not require the replacement of any searchlight motors, wiring or junction boxes and does not affect the normal operation of the searchlight.

**The SLASS® is a proprietary development of Universal Searchlights, LLC,
and is a sole source item, available only from our company.**

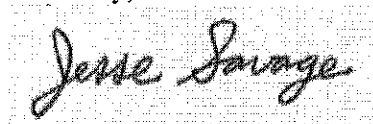

Universal Searchlights is also the sole source for repairs and modifications of SLASS®.

SLASS® is a registered trademark of Universal Searchlights, LLC.

To attest to the success of the SLASS®, in the Airborne Law Enforcement field, over 400 installations have been successfully performed.

I hope this information satisfies your present needs, and if you need anything further, do not hesitate to contact me.

Sincerely,

Jesse Savage
