Minerva AJ, Assoc. AIA

Architectural Designer
United States

Summary

Minerva AJ is a bilingual design-sensitive architectural designer. To Minerva AJ architecture should not only respond to aesthetic interests, but should also balance with culture, humanism and economics.

Minerva AJ's interests include designing structures and spaces that not only benefit everyday users, but also the entire neighborhood and environment in which they are situated.

Minerva AJ holds a B.A. in International Business and a M.Arch in Architectural Design & Practice.
