The City of Columbus
Department of Public Utilities
Fiscal Office, 3rd Floor
910 Dublin Road
Columbus, OH 43215

Dear Dennis Dickerson,

GeoNexus® Technologies is pleased to provide this letter to The City of Columbus for the continuation of maintenance on GeoWorx® Software.

GeoNexus Technologies is a software development company with a specialty in helping organizations operate more efficiently and solve complex business problems using Geographic Information System (GIS) and Enterprise Asset Management (EAM) technologies. GeoNexus provides a software package called GeoWorx that combines visualization and geo-processing capabilities from ArcGIS Server with work and asset management capabilities from Oracle WAM software. GeoNexus Technologies has over 20 years' experience integrating GIS and EAM technology for a variety of organizations across North America.

GeoNexus Technologies is the owner, manufacturer and sole implementer of GeoWorx software.

I am excited about this important project and the opportunity to personally assist The City of Columbus with a successful continuation of maintenance on GeoWorx Software. Please feel free to contact me any time at (866) 839-4993 x101 or sheise@geo-nexus.com with questions you may have regarding this proposal or our qualifications.

Sincerely,

William "Skip" Heise
President
