RE: Certified System Training

To Whom It May Concern:

The Frontier (Matrix) Access Control hardware and software is an enterprise class security solution. In order to maintain maximum system functionality, it is recommended that customers receive end user training. SGI Matrix is the sole source provider of all Frontier (Matrix) hardware and software training. If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Jeffrey Stout". The signature is written in a cursive style.

Jeff A. Stout
Vice President of Sales & Marketing
