Subject: Request for Director Approval for Multi-Purpose Bike Lane Vehicle

Street Maintenance is seeking Director approval to purchase one (1) Multi-Hog CV350 compact sweeper to be utilized for snow and ice removal and sweeping duties on the City's restricted bike paths. We are requesting this vehicle be purchased as a sole source unit as it is the only one that meets all of our needs and will fit in the narrow areas of the bike paths. We request that funds for the purchase come from the 7704 account. The unit will have a diesel powered engine as no other option is available and will be an expansion to our fleet.

The unit will have the following attachments;

- One (1) folding V-plow
- One (1) dump body with mounting frame
- One (1) salt spreader
- One (1) snow blower
- One (1) front mounted third broom
