RE: Sole Source Justification for Enterprise Agreement (EA)

This letter confirms Esri, as owner and manufacturer, is the sole source provider of all U.S. domestic Enterprise Agreements. While some products are available through value-added resellers on a unit priced basis, Esri is the only source that can grant a right to copy and deploy products in an Enterprise Agreement. An EA is a bundled package for licensing software, maintenance, and online services for redistribution within the organization. Esri products are provided with a special grant to copy and deploy specified quantities of capped items and unlimited quantities of items without a cap, during the term of the EA.

If you have further questions, please feel free to call me at our Contracts and Legal Services Department at 909-793-2853, extension 1990.

Kind regards,

Jackie Ricks
