

Information to be included in all Legislation authorizing entering into a Contract:

1. **The names, contract compliance no. & expiration date, location by City/State and status of all companies (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR) submitting a competitive bid or submitting an RFP or RFSQ.**

<u>Name</u>	<u>C.C. No./Exp. Date</u>	<u>City/State</u>	<u>Status</u>
Ribway Engineering Group, Inc.	31-1406579/ 5-12-16	Columbus, OH	MBE
CT Consultants, Inc.	34-0792089/ inactive	Columbus, OH	MAJ
Burgess & Niple, Inc.	31-0885550/ 9-12-16	Columbus, OH	MAJ

2. **What type of bidding process was used (ITB, RFP, RFSQ, Competitive Bid).**
RFP's were received February 6, 2015.

3. **List the ranking and order of all bidders.**

1. Ribway Engineering Group, Inc.
2. CT Consultants, Inc.
- 3 Burgess & Niple, Inc.

4. **Complete address, contact name, phone number, and e-mail address for the successful bidder only.**

Ribway Engineering Group, Inc.
300 East Broad Street, Suite 500
Columbus, Ohio 43215
Andrew Eribo, P.E., President and CEO, (614) 221-6009, aeribo@ribwaygroup.com

5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.**

The purpose of this project is to construct necessary improvements to the water distribution system in the area, just east of Parsons Avenue around S. R. 104. The Community Planning Area that includes most of this work is the "Far South" area (number 23). The improvements identified in the scope of work will replace or rehabilitate water lines that have high break histories and require frequent maintenance. This project includes replacing or rehabilitating approximately 20,340 linear feet of 6-inch and 8-inch water lines within the project area.

The project is located in the Far South area (planning area 23). The streets/roads include: Studer Avenue, Stambaugh Avenue, Curtis Street, Elwood Avenue, Bellevue Avenue, Lawndale Avenue, Glendower Avenue, Eagle Avenue, Dewberry Road, Evergreen Road, Grovewood Drive, and Augmont Avenue.

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

The duration of the design phase for this project is 12 months. Part of the Engineer's contract is to provide Record Drawings after the construction of this project, therefore, the contract completion date cannot be determined at this time

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

The goal of this project is to replace or rehabilitate the existing 6-inch and 8-inch water lines that have a high break frequency. Replacement of these water lines will improve water service, decrease burden on water maintenance operations, and reduce water loss. The Neighborhood Liaison(s) will be contacted and informed of this project during the design phase. Further community outreach may result through the Neighborhood Liaison Program.

8. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

\$352,147.12
