- (c) Groveport, agrees it will not at any time cause or permit storm water or roof water leaders to be led into or connected with the separate sanitary system of sewers, or led into or connected with any soil pipe, house drain, or house sewer tributary to the separate sanitary system of sewers.

Groveport, agrees that it shall limit inflow and infiltration to its sewer system. The limitations applying thereto shall be in accordance with a future mutually acceptable modification to this Agreement.

- (d) Groveport, agrees that no person shall directly or indirectly use or discharge to, any sewer within the Village of Groveport which is tributary to the City of Columbus Sewer System in violation of any applicable provision of Columbus City Codes Chapters 1145 and 1147.

- (h) Subject to Sections 4 and 5 hereinafter, Groveport agrees that sewer services, providing for the discharge of sewage, industrial wastes, water or other liquid wastes into its sanitary sewers, shall be restricted to usage by properties within the corporate limits of Groveport, as these limits exist on the date this agreement takes effect, provided, however, that in the case of premises within the area identified as "Area B" on the map attached hereto and made a part of this agreement, and noted as "**Exhibit 1**", Groveport may grant the right to discharge sewage, industrial wastes, water or other liquid wastes into sanitary sewers within the said Village of Groveport when and after said premises within said "Area B" become formally annexed to the Village of Groveport. It is further provided that upon and with specific written approval of the Director of Public Utilities of the City of Columbus other premises within the area identified as "Area C" which substantially become formally annexed to said Village of Groveport may also be granted the right to discharge sewage, industrial wastes, water or other liquid wastes into sanitary sewers within the Village of Groveport.

All mainline sanitary sewers and connections to serve areas within Groveport shall be constructed in accordance with detailed plans and specifications which have been approved from an engineering standpoint by the Columbus Director of Public Utilities, provided that such approval, from an engineering standpoint, or disapproval supported by engineering reasons therefore, shall be made by the Columbus Director of Public Utilities, within thirty (30) days after said plans and specifications have been submitted for final approval by Groveport. Absent approval or disapproval as set forth above, Groveport may proceed with construction in full conformity with such plans and specifications and with such engineering supervision and inspection as may be required by Columbus, and subject to all other provisions of this Agreement and applicable references. Upon completion of such work, and not later than sixty (60) days thereafter, accurate record drawings showing the work as actually constructed shall be filed, by Groveport, with Columbus, having been approved and signed by Groveport and submitted to Columbus for final approval. - (n) As soon as available, Groveport agrees to furnish to Columbus copies of its location atlas maps showing the overall sanitary sewer system and furnish additional copies as and when individual maps are changed or brought up-to-date.

**Section 2:**

- a) The City of Columbus, through its Division of Water, shall have the rights and privilege, beginning as of the effective date of this Agreement, of billing for sewerage service charges as listed in the following paragraphs.

For the "Old Village" area of Groveport, (designated as "Area A" on Exhibit I), which is supplied water from the Groveport water treatment facility, billing for sewerage charges will be based upon the amount of filtered water pumped into the Village of Groveport water distribution system as such is measured by metering devices which shall be installed by the Village of Groveport, provided that the type of meter, their installation and their location must be approved by the Director of Public Utilities for the City of Columbus, and based upon extra strength user charges and industrial users charges which are applicable to specific facilities with the Village of Groveport water plant service area. These metering devices may include the individual meters installed at each property used for determining water bills by the Village of Groveport Water Distribution System.

The City of Columbus will bill the Village of Groveport for these charges at three (3) month intervals.

For all other areas of Groveport, which receive water from the City of Columbus water distribution system, billing for sewerage service charges will be based upon the water usage or consumption as indicated by the metering system established by Columbus Division of Water. Under the method established above, for determination of the sewerage service charge or charges, said charge or charges shall be computed by subjecting the water/sewer usage to the applicable provisions and rates of Chapter 1147, Columbus City Codes, 1959, which applicable rates may be changed in accordance with such rate structure as may be established from time to time for areas outside the Columbus corporate limits by ordinances passed by the Columbus City Council; provided, however, and subject to the provisions of Section 1 of this Agreement, that in the event of any such subsequent change in the rates of charge, the rate of charge to the residents of Groveport, shall not, in such case, exceed the rates of charge duly established and collected, at such time, for any other political subdivision. Groveport ratepayers agree to pay such charges within thirty (30) days after receipt of aforesaid bill.

- (b) Columbus agrees that Groveport shall have the right and privilege to make charges, for structures and premises within the corporation limits of Groveport, independent of the

structures and premises within the corporation limits of Groveport, independent of the requirements of Section 1, and such charges shall not be subject to the division as established in Section 1(k).

- (c) Upon Groveport's written request, Columbus agrees to include as a separate item under the billing authorized above, such user surcharge for structures and premises within the corporate limit of Groveport as may be established from time to time by Groveport ordinance or regulation. Such surcharge shall be refunded to Groveport quarterly, together with a verified report of the amount collected.
- (d) Columbus agrees that in the computation of charges made to Groveport's Sewerage Service customers, the same credits or adjustments shall be applicable to Sewerage Service customers in Columbus as are now, or may hereafter from time to time, be applicable thereto, due to non-entry into the sanitary sewers of water consumed by such users, shall be applicable to Groveport's customers; provided that any fee charged by Columbus to obtain such credits or adjustments may be increased by fifty-cents (\$0.50) for users within the Village of Groveport.

**Section 2.1:** Columbus may administer and enforce Sections 1145.01 - 1145.99 of the Columbus City Codes and all amendments thereto within Groveport corporate limits in order to prohibit or limit the discharge of toxic and other substances into the sewerage system. It is also agreed that the City of Columbus representatives may enter industrial establishments, perform inspections, and sample waste streams for the purpose of enforcing Section 1145 and 1147 of the Columbus City Code, as amended. Groveport agrees to adopt as a local regulation or ordinance of Groveport, the requirements of Section 1145.01 - 1145.99 in order that these requirements shall be applicable to all premises in Groveport which are, or later become, tributary directly or indirectly, to the Columbus Sewage System to the same extent as they apply to premises within Columbus.

- (a) Groveport agrees that all fees for administering and enforcing Chapter 1145 shall be collected in accordance with Chapter 1147 of the Columbus City Codes, as amended.

**Section 3:** The term of this agreement will commence on December 1, 2000 and shall remain in full force and effect until midnight of November 30 2050, subject to earlier termination or to revision, or to properly authorized modification or to renewal upon mutual agreement of the parties hereto and shall supersede and cancel any and all previous agreements concerning sewage service between the parties hereto for the specific Village of Groveport.

**Section 4:** Groveport, agrees that during the effective period of this Agreement, Columbus employees or agents shall have the right to enter into and within Groveport corporate limits for all purposes of this Agreement, for the further purpose of construction within the individual design-tributary area of any extensions to the Sewer System of Groveport, and constructing any other main sewers which, on the basis of sound engineering principles, may be deemed necessary by the Columbus Director of Public Utilities to build up an adequate sewer collector system in the entire area to be serviced by Columbus, including, but not being limited to, Groveport corporate limits.

The plans and specifications for the construction of sewers shall be submitted by Columbus to Groveport for approval as engineering and location. Such approval or rejection supported by engineering reasons therefore, shall be made by Groveport, within thirty (30) days after said plans and specifications have been submitted by Columbus to Groveport for final approval. In the case where no approval or disapproval is made by Groveport within said thirty (30) days, Columbus may proceed with construction, without prejudice, in full conformity with the plans and specifications so submitted and not acted upon by Groveport, subject however, to legal requirements governing the need for proper easements where said sewers will be located on private

standpoint by Groveport within the said thirty (30) days, such disapproval shall be made in writing and the engineering reasons for disapproval set forth therein.

Columbus pledges itself to construct such sewer extensions at its own expense and, insofar as possible, to restore disturbed areas to a reasonably equal condition in which they were found prior to such construction. Columbus will and shall have the right to preserve, maintain, operate, replace and repair any such sewers. During the life of this contract, Groveport shall have the right to connect any main sewers of its own collector system to any such aforementioned sewers, subject to the requirement that the flow from Groveport main sewers is not above that designed for and is not from areas outside the individual tributary-design area of the said main sewers constructed by Columbus. Further, subject to the requirement that such connections shall be made under Columbus' supervision in such manner as approved by Columbus and in full conformity with all other provisions of this Agreement.

**Section 4.1:** Groveport will take no action to initiate, approve, nor in any manner support a merger with any adjacent township pursuant to Section 709.43 through 709.46, inclusive, of the Ohio Revised Code or any revision or amendment thereto. All efforts by Groveport to increase its geographic boundaries shall be through the annexation procedure. Groveport agrees that it will not initiate, approve, nor support in any manner, annexation to Groveport of properties located outside Groveport's Service Area designated on "**Exhibit 1**" attached to this Contract.

**Section 4.2:** It is agreed by the parties that in the event a merger between Groveport and any Township should occur, the City of Columbus shall incur no obligation to service areas other than those specifically referred to in this Contract. The parties further agree that as of the effective date of said merger, the rates chargeable hereunder shall become ten (10) times those set forth in Section 2 hereof. Groveport consents to the provisions set forth in this section as related to the cost and expense of providing continued services under this Agreement and not as an exaction, tax or penalty in the event the conditions imposing this section occur. Further, Groveport consents and agrees that the provision in this section are not confiscatory nor unreasonable.

**Section 4.3:** If the City of Columbus enters into any new Sewerage Service Agreement or modifies, amends, extends or otherwise changes the terms of any Sewerage Service Agreement with any political jurisdiction and the new, modified, amended, extended or otherwise changed Agreement does not contain the same provisions regarding merger/annexation as set forth in Section 4.1 and 4.2 of the amended Sewerage Service Contract with Groveport then Sections 4.1 and 4.2 are null and void.

**Section 5:** Groveport further agrees that Columbus may connect any sewer to the sewerage system of Groveport after submission of the plans and specifications to Groveport in accordance with the provisions of Section 4 and provided that such sewer connections by Columbus do not serve areas outside Groveport sewer system tributary-design areas.

Columbus agrees that for all properties and premises within Columbus designed and subsequently connected into such sewers, it shall reimburse Groveport for any oversizing of that section of the sewer system built by Groveport on the basis of an estimate of the differential in cost of that section of the system involved, to be mutually agreed upon prior to approval of plans.

**Section 6:** Groveport agrees that during the term of this Agreement, it will take no action whatsoever, including any funding, preliminary engineering, or other surveying necessary or incident to plan, design, construct, or operate any sanitary waste water treatment facility and that, except as herein provided or as may be subsequently authorized by the Columbus City Council, Columbus shall be the sole and exclusive provider to Groveport of such services as are provided by the terms of this Agreement within the designated contract service areas set forth on "Exhibit I".

service areas set forth on "Exhibit I".

**Section 7:** If any portion of this Agreement proves to be invalid or unconstitutional, the same shall not be held to invalidate or impair the validity, force or effect of any other portion of this Agreement unless it clearly appears that such other portion is wholly or necessarily dependent for its operation upon the portion so held invalid or unconstitutional.

**Section 8:** That failure on the part of either party of this Agreement to faithfully discharge its obligations and responsibilities hereunder, either in whole or in part, shall vest in the other party to the Agreement the right to terminate same, effective sixty (60) days after written notice of such failure and the intent to terminate is delivered to the offending party, provided that the offending party shall have the right to cure or correct the such failure, to faithfully discharge its obligations and responsibilities and upon demonstration thereof, such notice of cancellation shall not be effective and this Agreement shall remain in full force and effect without prejudice to Columbus' right to collect amounts due and owing to Columbus arising under the terms of this Contract prior to notice of termination.
