**AREAS OF KNOWLEDGE**

Kay is a principal and the lead designer for HKI. He approaches design from a unique perspective. He is an accomplished artist, with academic training in sociology, architecture, landscape architecture and city planning.

Historically, he has found rather interesting ways of introducing artistic flair and futuristic components in all of his work. His designs are very stimulating to users and observers of the space while remaining architecturally contextual. This type of sensitivity will prove beneficial to any project for which Kay is assigned.
