It's Time to Renew Your Software Licenses From SAS

We are pleased your organization chose to license SAS software. This is a reminder that some of your current licenses will soon expire. The attached lists the software product(s) due to expire, the next applicable license period and the associated license renewal fee(s). As an administrative convenience to our customers, some products may be renewed for a partial period (i.e., less than 12 months) to allow all licenses running on the same machine to expire on the same date. In such cases, the renewal fee will be prorated accordingly.

All renewal license fees quoted herein are based on the terms and conditions of the above-referenced License Agreement with SAS. Any expanded use of the software, beyond what is authorized in the License Agreement, may result in additional fees.

Please review the attached contact and product information and report any needed changes to our Contracts Department at 800-727-0025, or online at: contracts_support@sas.com. This will ensure that the invoice we send, approximately 30 days prior to the end of the current license period, reflects the most up-to-date information. Upon SAS' receipt of payment, a new product authorization code will be provided which will allow the software to continue to operate.

IF YOUR ORGANIZATION REQUIRES A PURCHASE ORDER TO PAY THE RENEWAL INVOICE, PLEASE BEGIN THE REQUISITION PROCESS NOW. If our invoice needs to reference a PO number, please send one as soon as possible to the attention of "Contracts Administration" at the letterhead address shown above.

Once again, thank you for using SAS ® software!
