5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract. The planning area should also be listed as well as any street or neighborhood names.**

The purpose of this project is to construct necessary improvements to the water distribution system in the Berrell Avenue area, south of Agler Road between Westerville Road and Alum Creek. The improvements identified in the scope of work will replace water lines that have high break histories and require frequent maintenance. This project includes installing approximately 2,400 linear feet of 6-inch and 11,000' linear feet of 8-inch water lines within the project area.

This project is in North Linden Planning Area and includes the following streets Berrell Avenue, Denune Avenue, Briarwood Ave, Republic Avenue, Loretta Avenue, Joan Place, Brocton Court, East Hudson Street, Rankin Avenue, Myrtle Avenue, Mock Road, Sagamore Road, Brentnell Avenue, and Jermain Drive.

This legislation also requests \$366,000.00 for construction inspection services by the Division of Design and Construction.

6. A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.

Contract work is required to be completed in a manner acceptable to the City within 365 days from the date that a Notice To Proceed (NTP) is given by the City.

7. A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.

The goal of this project is to replace or rehabilitate the existing 6-inch and 8-inch water lines that have a high break frequency. Replacement of these water lines will improve water service, decrease burden on water maintenance operations, and reduce water loss. The Neighborhood Liaison(s) will be contacted and informed of this project during the design phase. Further community outreach may result through the Neighborhood Liaison Program.

8. An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.

The bid amount and proposed award amount is \$2,840,589.70, including a 15% construction contingency amount that will be utilized to fund needed and approved changes in the work. No contract modifications are anticipated at this time; however, construction exigency might later compel modification of this contract, if unforeseen difficulties are encountered.

Cost summary:

Original Contract	\$2,840,589.70
Future Anticipated Needs	<u>\$ 0.00</u>
CONTRACT TOTAL	\$2,840,589.70

*This legislation also requests \$366,000.00 for construction inspection services by the Division of Design and Construction.
