RE: Sole Source Products

To Whom it May Concern,

Please consider this letter as verification that Abbott Laboratories Inc. is the sole manufacturer and distributor of the Abbott ARCHITECT, as well as the product lines which would include reagents, calibrators, controls, and accessories as appropriate.

These would include all products needed to perform the HIV, HCV, and Syphilis AB testing in your laboratory.

If you have any questions please contact your local Abbott Representative, Brian Walsh.

Thank you for your business.

Regards,
