

ORDINANCE NO. 1492-2006

Information to be included in all Legislation authorizing Entering into Contracts:

The names of all companies bidding, or submitting an RFP or RFSQ

(REG) Ribway Engineering Group, Inc; (FMSM) Fuller, Mossbarger, Scott, and May Engineers, Inc.; (EMH&T) Evans, Mechwart, Hambleton, & Tilton, Inc.

The location by City and State of all companies bidding, or submitting an RFP or RFSQ

(REG) Ribway Engineering Group, Inc – Columbus, OH; (FMSM) Fuller, Mossbarger, Scott, and May Engineers, Inc. – Columbus, OH; (EMH&T) Evans, Mechwart, Hambleton, & Tilton, Inc. – Gahanna, OH

The status, Majority, MBE or FBE, of all companies bidding, or submitting an RFP or RFSQ

(REG) Ribway Engineering Group, Inc – Majority/MBE; (FMSM) Fuller, Mossbarger, Scott, and May Engineers, Inc. - Majority; (EMH&T) Evans, Mechwart, Hambleton, & Tilton, Inc. - Majority

A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.

Ribway Engineering Group, Inc. will perform professional engineering services for this project. There is no phasing on this project.

Professional engineering services on this project are required to rehabilitate the structurally deteriorated sewers and manholes within the project boundary. Also included in this project is the investigation to identify sources of inflow and infiltration within the project area, and the most effective method for their elimination and redirection in accordance with the City's Wet Weather Management Plan.

General professional services to be performed under this contract include cleaning and televising the existing sewer, dye testing of structures, performing manhole inspections and evaluations, investigating the need for easements, performing field surveying, preparing a Design Report to document evaluations and recommendations, generating detailed construction plans and specifications, preparing site-specific maintenance of traffic plans, supplying all construction documents required for bidding, performing engineering services during construction, and preparing as-built drawings at the completion of the project.

A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.

Projected beginning and ending dates for the professional engineering services on CIP 695 are October 2006 and August 2009, respectively. There is no phasing on this project.

An estimate of the full estimated cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.

Services on this project will be performed by Ribway Engineering Group, Inc.
