

Proposal #10675

For

**City of Columbus**  
Attn: William F. Rogers

For

Hilltop Conduit Work

August 30, 2011

Dear Bill,

Thank you for this opportunity to propose our fiber optic construction services. If you have any questions please do not hesitate to call me at 740-964-7081 ext. 2101.

Sincerely,

Anthony J. Gunter, RCDD  
President

**Proposed Services**

**Fiber Optic Construction:** Additional man-hours and subcontract labor required on the Hilltop project between Fire Stations 10 and 17 due to:

- Documentation of existing manholes was inaccurate and additional time had to be spent locating all applicable manholes
- An air line had been placed in City of Columbus duct with cable to be wrecked and an alternative to using that duct had to be used to avoid damage to the air line
- Ducts were clogged with mud and tree roots and a subcontractor had to be engaged with additional machinery to clear the ducts.
