## Registration Exemption

DATE: June 12 2025

City of Columbus  
Purchasing Office  
Attn: Nancy Ison, CPPB  
Senior Procurement Specialist

**Subject: Foreign Corporation Exemption from Registration – Supply-Only Contract**

To Whom It May Concern,

This letter is to confirm that **Canuck Power Inc**, a corporation organized under the laws of Ontario, Louisiana, Washington, and Nevada, is a foreign corporation as defined under Ohio Revised Code (ORC) 1703.01(B).

Canuck Power Inc does not maintain any physical presence, offices, employees, or company-owned vehicles in the State of Ohio. All business transactions are conducted solely via interstate commerce, and all deliveries are performed by independent third-party carriers from outside the State of Ohio directly to the contract-specified locations.

Under ORC 1703.02, corporations engaged solely in interstate commerce are not subject to the registration requirements of ORC Sections 1703.01 to 1703.31. Accordingly, we believe our company qualifies for exemption from registration with the Ohio Secretary of State at this time.

However, if awarded a contract that requires us to perform services beyond the scope of supply-only interstate commerce, we will comply with all applicable state registration requirements at that time.

Thank you for your attention to this matter. Please do not hesitate to contact us should you require additional information or documentation.

Sincerely,

Michael Edie

President

Canuck Power Inc
