

Information to be included in all Legislation authorizing entering into a Contract:

1. **The names, contract compliance no. & expiration date, location by City/State and status of all companies (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR) submitting a competitive bid or submitting an RFP or RFSO.**

<u>Name</u>	<u>C.C. No./Exp. Date</u>	<u>City/State</u>	<u>Status</u>
Terrace Construction Co.	34-1402413 – 8/26/13	Cleveland, Oh	MAJ
Fer-Pal Construction USA	26-0531908 – 11/10/13	Taylor, MI	MAJ
Aquarehab Drinking Water	47-0870925 – inactive	Quebec, Canada	?
Utilicon Corporation	34-1263338 – 1/27/14	Cleveland, Oh	MAJ

2. **What type of bidding process was used (ITB, RFP, RFSO, Competitive Bid).**

Formal competitive bids were opened on February 1, 2012.

3. **List the ranking and order of all bidders.**

1. Terrace Construction Co., Inc.	\$2,260,087.34
2. Fer-Pal Construction USA LLC	\$2,287,059.28
3. Aquarehab Drinking Water Inc.	\$2,522,603.05
4. Utilicon Corporation	\$3,396,145.50

4. **Complete address, contact name and phone number for the successful bidder only.**

Terrace Construction Co., Inc.
3965 Pearl Rd.
Cleveland, Ohio 44109
Jeffrey E. Nock, President (216) 739-3170

5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.**

Installation of 6” and 8” water lines and appurtenances inclusive of approximately 1,087 linear feet of open cut trenching and 10,224 linear feet of water main cleaning with cured in place pipe (CIPP) rehabilitation. This work will include pavement replacement of the area excavated during construction.

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

Work under this contract shall be completed within 180 calendar days after the Notice to Proceed is issued.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

The goal of this project is to replace or rehabilitate water lines that have a high break frequency. Replacement or rehabilitation of these water lines and will decrease burden on water maintenance operations. The existing mains rehabilitated and the new lines constructed under this project should eliminate the pattern of frequent water line breaks and improve Department revenue through reducing unbilled water loss. By utilizing CIPP (cured in place pipe (rehabilitation), the project has minimized the impact to the traveling public and

has reduced the need for paving streets. This construction method greatly conserves the natural materials utilized on utility projects.

8. An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.
