No, unfortunately, we cannot accept a corrected mistake or amended bid after the bid opening date and time. It would not be fair to the other bidders to allow for a mistake to be corrected or a bid to be amended after the bid opening. Thanks for your interest in this bid and be sure to keep an eye out for solicitation opportunities in the future.

Randy – are you sure there is no other way to resubmit this one page? The 7795.00 per server was accurate – My assistant just misunderstood the cost. I hate to lose the opportunity over something this simple. It was an honest error on our part.

Mr. Robinson,

I need clarification on your bid for the subject solicitation . . . Does your bid price include the exact Dell product specified with all of the options/components/services required? I ask because your bid was over \$8000 less per unit than the next lowest bidder. Please clarify as soon as possible so we can move forward with the evaluation. Thanks.
