Subject: 2021 pre-buy approval for 600 code

Mr. Lee,

We have several dump trucks on the 600 code budget for 2020 that have not been able to be purchased this year because of complications with the dump truck UTC that won't be established till the end of October 2020. We are looking for your approval to purchase multiple items with leftover 2020 funds that were budgeted for 2021 so that we can utilize the money (\$420,000) budgeted for each year and just trade years that it is purchased to meet the legislation deadlines. We have roughly \$400,000 in light duty purchases slated for 2021 that could be sent for legislation this month with your approval.
