

**PROJECT INFORMATION FOR DENNISON PLACE
U.I.R.F. STREET LIGHTING**

Four informal bids were received on April 22, 2005, as follows:

Advanced Engineering Consultants (F1) 1030 Dublin Road Columbus, Ohio 43015	\$ 8,400.00
Ralph and Curl Engineers (Majority) 3720 E. Fifth Avenue Columbus, Ohio 43219	16,890.00
Environmental Design Group (Majority) 9015 Antares Avenue Columbus, Ohio 43240	18,987.00
R. D. Zande & Associates, Inc. (Majority) 1500 Lakeshore Drive Columbus, Ohio 43204	32,801.00

Award recommended to Advanced Engineering Consultants as the lowest responsive and responsible bidder.

Work to be performed:

To contract professional services to complete the engineering and design work for an Urban Infrastructure Recovery Fund project entitled Dennison Place Street Lighting Improvements. Once the design work is finished, the Division will advertise the construction contract proposal to upgrade some of the existing overhead street lighting facilities to more historic fixtures and brackets and place ornamental decorative street lighting with underground wiring on the remaining portion of the project.

Timeline:

Design work to commence July 1, 2005

Design work to finish approximately August 25, 2005, without design complexities.

Construction to commence Spring, 2006 and finish Fall, 2006.

Estimated Costs:

Design estimate: \$8,400

Construction estimate: \$250,000
