

City of Columbus Division of Sewerage and Drainage and Franklin Soil and Water Conservation District 2016 Working Agreement

This working agreement is between the City of Columbus and Franklin Soil and Water Conservation District (FSWCD). This agreement is effective upon execution of the City and terminates on December 31, 2016. The agreement is subject to the limitations of authorities, resources and policies of Franklin Soil and Water Conservation District and the City of Columbus.

The purpose of this agreement is to provide support and coordination for the benefit of the Franklin County Stream Resource Geodatabase and the City of Columbus, Division of Sewerage and Drainage in managing stormwater and improving water quality.

Franklin SWCD will provide the following services for the City of Columbus:

Staff will perform maintenance and quality control on Columbus data in the Stream Resource Geodatabase which was modified after its inclusion in the Stream Resource Geodatabase. This will include adjustment of geometry if necessary or adjustment of attributes if necessary. Maintenance and quality control will be provided against the most recent copy of the Columbus stormwater database as provided by Columbus.

Staff will add new existing Columbus stormwater data to the Stream Resource Geodatabase as provided from the most recent copy of the Columbus stormwater database. Staff will modify existing surface drainage in the stream resource geodatabase as needed to connect new stormwater data from the City or reflect modification or elimination of surface drainage.

Staff will begin to include unincorporated stormwater data into the stream resource geodatabase. Staff will review connections between Columbus stormwater data and unincorporated stormwater data and make adjustments as necessary. Changes that affect Columbus stormwater data will be tracked in an excel spreadsheet.

Franklin Soil and Water Conservation District will recognize the City of Columbus as a partner and supporter on programming and communication materials.

The City of Columbus will provide the following:

The City of Columbus is to participate in the exchange of data for updating the Stream Resource Geodatabase and incorporating changes into their stormwater dataset as feasible.

The City of Columbus shall compensate Franklin SWCD in the form of a working agreement in the amount of \$20,000.00. Franklin SWCD reserves the right to expend funds as needed to meet working agreement components and overhead costs. Franklin SWCD will not enter into any working agreement that does not meet our current mission and goals.

It is Mutually Agreed:

That Franklin SWCD is a conservation technical and education service agency and therefore is not granted regulatory authority in the Ohio Revised Code.

That the working relationship will be defined to include lines of communications with appropriate departments.

That the City and Franklin SWCD will meet when necessary to review and coordinate activities and programs with the aim of developing a multi-discipline approach to resource management.

That this working agreement may be amended or terminated at any time by mutual consent, or the agreement may be terminated by either party giving sixty (60) days notice in writing to the other.

SIGNATURES:

The below signatures certify consent on the above agreement.
