Site Information

- The site is located in Frazell Road, from slightly south of the Collier Hill Drive intersection northward to Franks Park, and consists entirely of right of way currently within the City of Columbus.

Key Issues

- Transferring this area to Hilliard will unify the right of way under one jurisdiction. The transfer also allows the City of Hilliard to construct a shared use path on the west side of Frazell Rd, from the Rosecliff Drive intersection northward connecting to the existing path in Franks Park. A crosswalk on Frazell Road from the north side of Rosecliff Drive will accompany the path.
- The transfer is supported by City departments.
- This legislation is being filed in response to the provisions of the Ohio Revised Code - section 709.37 regarding municipal boundary adjustments. The process requires that both communities pass legislation approving the transfer, which will then be submitted for finalization by the Franklin County Commissioners.
- Hilliard is proceeding with a similar ordinance addressing this transfer.
